

Community Crisis Intervention or CCI is a 24-hour training offered exclusively through Trillium Health Resources. This is an intensive 3-day mental health, developmental disability and substance use training that will cover:

- ◆ The history of our mental health system
- ◆ Mental health disorders
- ◆ Intellectual and developmental disabilities
- ◆ Substance use disorder
- ◆ Suicide and Self-harm
- ◆ Aging and Dementia
- ◆ Self-care
- ◆ De-escalation techniques
- ◆ And much more

NOT JUST LECTURES

Participants will have the opportunity to participate in a psychosis simulation and work together on de-escalating a crisis situation.
