Ascent 121 Presents: Build Beyond 2021

May 20-May 21

Build Beyond is a clinically-focused VIRTUAL training event that will equip you to care more effectively for survivors of human trafficking and commercial sexual exploitation. The conference features nationally acclaimed speakers who focus on different intervention techniques, treatment models, and education about the trauma recovery process. The agenda each year is unique as a new treatment model is introduced. **This year we will be talking about the subcultures within the game of human trafficking, understanding the rules and roles, and clinical strategies to provide recovery for victims who have participated in recruiting.** Expert speakers include a survivor of domestic sex trafficking and a psychologist who has worked with teen survivors. Learning to customize your treatment approach will empower your program participants to Build Beyond their current circumstances and past experiences to reach the life they desire.
